Hi Kanchan,

Can he please support from offshore for a week and then travel under standard fare tickets. Manulife already has severe margin impact due to bad debts and we are not in a position to take up any additional hit.

Dear Binay,

You need to check with your project and ask your BRM/GL/PL to get ISU BFM approval for the higher fares. Even for paying the fare difference to TCS you need to get BFM approval.

Do note fares are subject to availability and can be confirmed only once ticketed, we would need approvals at the earliest from BFM to secure tickets.

Delayed approvals will lead to increase in fare or change in date if flights get full, it might need additional approvals or a new request.

BFM details are as follows.
